

# PROMO ITEMS

Give them something to remember.

“Out of sight, out of mind.” The last thing you want for your business is for a customer to forget you exist. Sometimes the best way to keep your business in the minds of your customers is to give them something they can keep and use on a daily basis.

This is where branded promotional items come to the rescue! Something as simple as a pen with your business’ name and phone number on it can remind customers to give you a call. There are tons of items to choose from, ranging from flash drives to footballs to chocolate bars. If you can use it, play with it, or even taste it, we can put your name on it!

BCD’s Complete Solution means your promo items will be consistent with your overall branding, so not only can we provide the goods, we’ll help you use them effectively to truly make your business or brand into a household name.
